Safety Data Sheet

SECTION 1: Product and	l company identification

Product name	: Oxy Treat
Use of the substance/mixture	: Water treatment
Product code	: 0927
Company	: Total Solutions P.O. Box 240014 Milwaukee, WI 53224 - USA T (414) 354-6417
Emergency number	: Chemtec: (800) 424-9300

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

Classification (GHS-US)

Eye Dam. 1 H318 Full text of H-phrases: see section 16

2.2. Label elements	
GHS-US labeling	
Hazard pictograms (GHS-US)	: GHS05
Signal word (GHS-US)	: Danger
Hazard statements (GHS-US)	: Causes serious eye damage
Precautionary statements (GHS-US)	 Wear eye protection, protective clothing, protective gloves If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing Immediately call a doctor, a POISON CENTER

2.3. Other hazards No additional information available 2.4. Unknown acute toxicity (GHS US)

Not applicable

SECTION 3: Composition/information on ingredients

3.1. Substance Not applicable

Full text of H-phrases: see section 16

3.2. Mixture

J.a. Pilature				
Name	Product identifier	%	Classification (GHS-US)	
sodium metabisulphite	(CAS No) 7681-57-4	7-13	Acute Tox. 4 (Oral), H302 Eye Dam. 1, H318	

SECTION 4: First aid measures				
4.1. Description of first aid measures				
First-aid measures general	:	If you feel unwell, seek medical advice (show the label where possible).		
First-aid measures after inhalation	:	Remove the victim into fresh air.		
First-aid measures after skin contact	:	Rinse skin with water/shower.		
First-aid measures after eye contact	:	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center or doctor/physician.		
First-aid measures after ingestion	:	Rinse mouth with water. Do NOT induce vomiting.		
4.2. Most important symptoms and effects, both acute and delayed				
Symptoms/injuries	:	Not expected to present a significant hazard under anticipated conditions of normal use.		
Symptoms/injuries after inhalation	:	May cause respiratory irritation.		
Symptoms/injuries after skin contact	:	Contact during a long period may cause light irritation.		

Safety Data Sheet

Symptoms/injuries after eye contact: Causes serieSymptoms/injuries after ingestion: Gastrointest

4.3. Indication of any immediate medical attention and special treatment needed

: Causes serious eye damage. Corrosion of the eye tissue. Serious damage to eyes.

estion : Gastrointestinal complaints. Cramps. Vomiting. Nausea. May be harmful if swallowed.

4.3. Indication of any immediate n Treat symptomatically.	
SECTION 5: Firefighting meas	sures
5.1. Extinguishing media	
Suitable extinguishing media	: All extinguishing media allowed.
5.2. Special hazards arising from t	
Reactivity	: On burning: release of toxic and corrosive gases/vapours (sulphur oxides, carbon monoxide - carbon dioxide).
5.3. Advice for firefighters	
Firefighting instructions	: Exercise caution when fighting any chemical fire. Use water spray or fog for cooling exposed containers. Take account of environmentally hazardous firefighting water.
Protection during firefighting	: Do not enter fire area without proper protective equipment, including respiratory protection.
SECTION 6: Accidental releas	
	tive equipment and emergency procedures
General measures	: Isolate from fire, if possible, without unnecessary risk.
6.1.1. For non-emergency personr	rel
Protective equipment	: Protective goggles. Gloves. Protective clothing.
Emergency procedures	: Evacuate unnecessary personnel. Avoid contact with skin, eyes and clothing. Ventilate spillage area.
6.1.2. For emergency responders	
Protective equipment	: Equip cleanup crew with proper protection.
Emergency procedures	: Stop leak if safe to do so. Stop release. Ventilate area.
6.2. Environmental precautions	
Avoid release to the environment. Pre	event entry to sewers and public waters.
6.3. Methods and material for con	tainment and cleaning up
6.3. Methods and material for con For containment	tainment and cleaning up : Contain released substance, pump into suitable containers.
6.3. Methods and material for con For containment	tainment and cleaning up
 6.3. Methods and material for con For containment Methods for cleaning up 6.4. Reference to other sections 	tainment and cleaning up : Contain released substance, pump into suitable containers.
 6.3. Methods and material for con For containment Methods for cleaning up 6.4. Reference to other sections No additional information available 	 tainment and cleaning up Contain released substance, pump into suitable containers. This material and its container must be disposed of in a safe way, and as per local legislation.
 6.3. Methods and material for con For containment Methods for cleaning up 6.4. Reference to other sections No additional information available SECTION 7: Handling and sto 7.1. Precautions for safe handling 	 tainment and cleaning up Contain released substance, pump into suitable containers. This material and its container must be disposed of in a safe way, and as per local legislation. rage
 6.3. Methods and material for con For containment Methods for cleaning up 6.4. Reference to other sections No additional information available SECTION 7: Handling and sto 7.1. Precautions for safe handling 	 tainment and cleaning up Contain released substance, pump into suitable containers. This material and its container must be disposed of in a safe way, and as per local legislation. rage
 6.3. Methods and material for con For containment Methods for cleaning up 6.4. Reference to other sections No additional information available SECTION 7: Handling and sto 7.1. Precautions for safe handling Precautions for safe handling 	 tainment and cleaning up Contain released substance, pump into suitable containers. This material and its container must be disposed of in a safe way, and as per local legislation. rage Comply with the legal requirements. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Do not eat, drink or smoke when using
 6.3. Methods and material for con For containment Methods for cleaning up 6.4. Reference to other sections No additional information available SECTION 7: Handling and sto 7.1. Precautions for safe handling Precautions for safe handling Hygiene measures 	 tainment and cleaning up Contain released substance, pump into suitable containers. This material and its container must be disposed of in a safe way, and as per local legislation. rage Comply with the legal requirements. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Do not eat, drink or smoke when using this product. Do not get in eyes, on skin, or on clothing. Wash thoroughly after handling. Wash contaminated clothing before reuse.
 6.3. Methods and material for con For containment Methods for cleaning up 6.4. Reference to other sections No additional information available SECTION 7: Handling and sto 7.1. Precautions for safe handling Precautions for safe handling Hygiene measures 7.2. Conditions for safe storage, in 	 tainment and cleaning up Contain released substance, pump into suitable containers. This material and its container must be disposed of in a safe way, and as per local legislation. rage Comply with the legal requirements. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Do not eat, drink or smoke when using this product. Do not get in eyes, on skin, or on clothing. Wash thoroughly after handling. Wash contaminated clothing before reuse.
 6.3. Methods and material for con For containment Methods for cleaning up 6.4. Reference to other sections No additional information available SECTION 7: Handling and sto 7.1. Precautions for safe handling Precautions for safe handling Hygiene measures 7.2. Conditions for safe storage, in Fechnical measures 	 tainment and cleaning up Contain released substance, pump into suitable containers. This material and its container must be disposed of in a safe way, and as per local legislation. rage Comply with the legal requirements. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Do not eat, drink or smoke when using this product. Do not get in eyes, on skin, or on clothing. Wash thoroughly after handling. Wash contaminated clothing before reuse. comply with applicable regulations. Always add the product to water for dilution/mixture. Never add
 6.3. Methods and material for con For containment Methods for cleaning up 6.4. Reference to other sections No additional information available SECTION 7: Handling and sto 7.1. Precautions for safe handling Precautions for safe handling Hygiene measures 7.2. Conditions for safe storage, in Technical measures Storage conditions 	 tainment and cleaning up Contain released substance, pump into suitable containers. This material and its container must be disposed of in a safe way, and as per local legislation. rage Comply with the legal requirements. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Do not eat, drink or smoke when using this product. Do not get in eyes, on skin, or on clothing. Wash thoroughly after handling. Wash contaminated clothing before reuse. comply with applicable regulations. Always add the product to water for dilution/mixture. Never add water to this product.
 6.3. Methods and material for con For containment Methods for cleaning up 6.4. Reference to other sections No additional information available SECTION 7: Handling and sto 7.1. Precautions for safe handling Precautions for safe handling Hygiene measures 7.2. Conditions for safe storage, in Technical measures Storage conditions Incompatible products 	 tainment and cleaning up Contain released substance, pump into suitable containers. This material and its container must be disposed of in a safe way, and as per local legislation. rage Comply with the legal requirements. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Do not eat, drink or smoke when using this product. Do not get in eyes, on skin, or on clothing. Wash thoroughly after handling. Wash contaminated clothing before reuse. comply with applicable regulations. Always add the product to water for dilution/mixture. Never add water to this product. Keep container closed when not in use.
 6.3. Methods and material for con For containment Methods for cleaning up 6.4. Reference to other sections No additional information available SECTION 7: Handling and sto 7.1. Precautions for safe handling Precautions for safe handling Hygiene measures 	 tainment and cleaning up Contain released substance, pump into suitable containers. This material and its container must be disposed of in a safe way, and as per local legislation. rage Comply with the legal requirements. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Do not eat, drink or smoke when using this product. Do not get in eyes, on skin, or on clothing. Wash thoroughly after handling. Wash contaminated clothing before reuse. comply with applicable regulations. Always add the product to water for dilution/mixture. Never add water to this product. Keep container closed when not in use. strong acids. Oxidizing agents.

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

No additional information available

Safety Data Sheet

TOTAL SOLUTIONS"

8.2. Exposure controls Personal protective equipment

: Use appropriate personal protective equipment when risk assessment indicates this is necessary. Safety glasses. Gloves. Protective clothing.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemi	cal	properties
Physical state	:	Liquid
Appearance	:	clear. pink. Liquid.
Odor	:	characteristic sulfite
Odor threshold	:	No data available
рН	:	6 - 7
Melting point	:	No data available
Freezing point	:	No data available
Boiling point	:	No data available
Flash point	:	N/A
Relative evaporation rate (butyl acetate=1)	:	No data available
Flammability (solid, gas)	:	No data available
Explosion limits	:	No data available
Explosive properties	:	No data available
Oxidizing properties	:	No data available
Vapor pressure	:	No data available
Relative density	:	No data available
Relative vapor density at 20 °C	:	No data available
Specific gravity / density	:	1.17 g/ml
Solubility	:	Soluble in water.
Log Pow	:	No data available
Log Kow	:	No data available
Auto-ignition temperature	:	No data available
Decomposition temperature	:	No data available
Viscosity	:	No data available
Viscosity, kinematic	:	No data available
Viscosity, dynamic	:	No data available
VOC content	:	0 %

SECTION 10: Stability and reactivity

10.1. Reactivity

On burning: release of toxic and corrosive gases/vapours (sulphur oxides, carbon monoxide - carbon dioxide).

10.2. Chemical stability
No additional information available
10.3. Possibility of hazardous reactions
Refer to section 10.1 on Reactivity.
10.4. Conditions to avoid
No additional information available
10.5. Incompatible materials
strong acids. Oxidizing agents.
10.6. Hazardous decomposition products
Under normal conditions of storage and use, hazardous decomposition products should not be produced.

SECTION 11: Toxicological information

11.1. Information on toxicological effects

Safety Data Sheet

balely Dala Sheel	3010110113
Acute toxicity	: Not classified
sodium metabisulphite (7681-57-4)	
ATE CLP (oral)	500.000 mg/kg body weight
Skin corrosion/irritation	: Not classified
	pH: 6 - 7
Serious eye damage/irritation	: Causes serious eye damage.
	pH: 6 - 7
Respiratory or skin sensitization	: Not classified
Serm cell mutagenicity	: Not classified
Carcinogenicity	: Not classified
Reproductive toxicity	: Not classified
	: Not classified
Specific target organ toxicity (repeated	: Not classified
exposure)	
Aspiration hazard	: Not classified
symptoms/injuries after inhalation	: May cause respiratory irritation.
Symptoms/injuries after skin contact	: Contact during a long period may cause light irritation.
symptoms/injuries after eye contact	: Causes serious eye damage. Corrosion of the eye tissue. Serious damage to eyes.
symptoms/injuries after ingestion	: Gastrointestinal complaints. Cramps. Vomiting. Nausea. May be harmful if swallowed.
SECTION 12: Ecological information	
L2.1. Toxicity No additional information available	
L2.2. Persistence and degradability	
No additional information available	
2.3. Bioaccumulative potential	
No additional information available	
ECTION 13: Disposal consideration	s
3.1. Waste treatment methods	
	Dispose in a safe manner in accordance with local/national regulations.
SECTION 14: Transport information	
Department of Transportation (DOT)	
n accordance with DOT : Not regulated for	transport
Additional information	
Other information :	No supplementary information available.
ADR	
lo additional information available	
Fransport by sea	
lo additional information available	
Air transport No additional information available	

SECTION 15: Regulatory information

All components of this product are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory.

This product or mixture does not contain a toxic chemical or chemicals in excess of the applicable de minimis concentration as specified in 40 CFR §372.38(a) subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

California Proposition 65 - This product contains, or may contain, trace quantities of a substance(s) known to the state of California to cause cancer and/or reproductive toxicity

Safety Data Sheet

SECTION 16: Other information

Training advice

: Normal use of this product shall imply use in accordance with the instructions on the packaging.

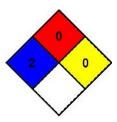

Full text of H-phrases:

Acute Tox. 4 (Oral)	Acute toxicity (oral) Category 4	
Eye Dam. 1	Serious eye damage/eye irritation Category 1	
H302	Harmful if swallowed	
H318	Causes serious eye damage	

NFPA health hazard	:	2 - Intense or continued exposure could cause temporary incapacitation or possible residual injury
		unless prompt medical attention is given.

NFPA fire hazard :	0 - Materials that will not burn.
--------------------	-----------------------------------

NFPA reactivity : 0 - Normally stable, even under fire exposure conditions, and are not reactive with water.

Prepared by: Technical Department

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product. No warranty is expressed or implied regarding the accuracy of this data or the results obtained from the use thereof. Our company assumes no responsibility for personal injury or property damage to the vendee, users or third parties caused by the material. Such vendees or users assume all risks associated with the use of this material.
