

# SAFETY DATA SHEET

## AMALGA-WRAP

### SECTION 1: Identification of the Material and Supplier

Date of Issue: July 1, 2012  
Company: Maintenance Solutions, Inc.  
Address: 7755 E. Gelding Dr # C103, Scottsdale, AZ 85260  
Website: www.maintsol.com  
Customer Service Number: (480) 607-9593  
Emergency Number: ChemTel 1-800-2553924  
Product Code: 4-2430

### SECTION 2: Hazards Identification

**POTENTIAL HEALTH EFFECTS:** This tape is not considered to pose any health risks in normal use.

**Eye:** Too large to enter the eye physically.

**Skin:** No effect although it is recommended that normal procedures such as washing hands with soap and water after Use. The tapes have not been tested for prolonged exposure to skin. People with sensitive skin are advised to use a Barrier cream or wear gloves.

**Ingestion:** Not considered likely in industry

### SECTION 3: Composition/Information on Ingredients

| Chemical Entity | CAS # | Proportion |
|-----------------|-------|------------|
| Polyethylene    | -     | >99%       |

### SECTION 4: First Aid Measures

Consult The National Poisons Information Centre, (Ph: 13 11 26) or a Doctor in every case of suspected chemical poisoning. Never give fluids or induce vomiting if a patient is unconscious or convulsing regardless of cause of injury. If breathing difficulties occur seek medical attention immediately.

**Swallowed:** Seek medical advice urgently.

**Skin:** Not normally required, but if handling frequently then hands should be washed before eating.

**Eyes:** Seek medical advice urgently.

**Inhalation:** Not required

## SECTION 5: Fire Fighting Measures

**Extinguishing Media:** Extinguish using carbon dioxide, water, foam or sand.

**Fire Fighting Equipment:** Use positive-pressure self-contained breathing apparatus and full protective equipment.

**Fire Hazards:** Can burn if exposed to direct flame.

**Flammability Limits:** LEL: NA

UEL: NA

**Flash Point:** 100°C

**Flammability:** Tape can burn if exposed to direct flame giving off irritating, toxic fumes characterized of burning polyethylene. For small fires use any common extinguishing method. If large quantities are to be stored seek advice from local Fire Authority about fire fighting equipment and procedures. This may include the use of air breathing equipment.

## SECTION 6: Accidental Release Measures

**Disposal:** As combustible, non-toxic landfill. Because of its combustibility, large quantities should be dispersed in small amounts over the landfill site. Do not incinerate except in equipment provided with suitable fume scrubber. Dispose as solid inert waste.

## SECTION 7: Handling and Storage

**Storage:** Do not open external plastic bag until ready for use. No special requirements.

## SECTION 8: Exposure Control/Personal Protection

**Engineering Controls:** NA

**Exposure Standards:** NA

**Personal Protection (applicators and all other handlers):** Not required

## SECTION 9: Physical and Chemical Properties

**Appearance:** Black Rolls.

**Solubility in water:** Not soluble.

**Flash point:** 100°C

**Boiling Point:** NA

**Melting Point:** 112°C

**Specific Gravity:** Variable; less than 1.

**Vapour Pressure:** Not required.

**See also Section 5 and 10**

## **SECTION 10: Stability and Reactivity**

**Chemical Stability:** Stable

## **SECTION 11: Toxicological Information**

**Health effects:**

Acute

**Oral:** NA

**Skin:** NA

**Eye:** NA

**Inhaled:** NA

## **SECTION 12: Environmental Information**

This product is environmentally safe.

## **SECTION 13: Disposal Considerations**

Contaminated material must be disposed of in accordance with all local authority requirements. Do not contaminate water, food, or feed by disposal. Excess wastes resulting from the use of this product may be disposed of at a local authority landfill.

If disposing of unwanted product, contact Senson Tek or your local authority.

## **SECTION 14: Transport Information**

**Transportation:**

**Packing Group:** NA

**UN Number:** NA

**Class and Sub risk:** NA

## **SECTION 15: Regulatory Information**

**Dangerous good classifications:**

**UN No.:** NA

**Hazchem Code:** NA

**Class and Sub risk:** NA

**Emergency Guide:** NA

**USE:** For insulating and terminations on all types of electrical cables.

## **SECTION 16: Other Information**

**Glossary**

**Date of SDS Preparation:** 1<sup>st</sup> July 2012.

**This information in this Safety Data Sheet is given in good faith based upon current knowledge and experience. It is subject to revision as additional knowledge and experience is gained. No warranty, express or implied is made.**

**Disclaimer** The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
